We are writing to urge you NOT to vote for HB 5069. It is a terrible idea-who comes up with this stuff anyway? Have you seen the union rates? It will kill all businesses in CT. There's a reason we aren't part of a union - WE CAN'T AFFORD IT! We are about to take on a Prevailing Wage job right now, which will probably put us out of business, because we have to pay our people each week but we don't get paid from the customer until 45, 60 or even 90 days AFTER the invoice date. None of you have to deal with this - you spend the state money however you want, and later try to find the funds to pay for it. Us taxpayers & business owners can't do business like that - we have to pay our bills as we go. Our people & vendors need to be paid. How can anyone survive? This bill is, frankly, a dumb idea. I think if you pass this, I may take my husband up on his idea to move to Texas - where people & businesses are still FREE!!! Keep it up & we will go.
